

Advanced Obedience

Off-leash control, focus, and real-world reliability.

Loyal by Nature.

Who this is for

Off-leash reliability for dogs that already have the basics.

Dogs from 9 months that completed the Residential Obedience program at Cairo Canine Club.

Owners seeking reliable off-leash control in everyday life.

Families that want calm, confident behavior in public and at home.

Households that value consistency. The habits built here hold when the routine continues at home.

What your dog learns

Advanced commands taught in English, or Arabic on request.

ADVANCED COMMANDS

Come. Reliable recall from a distance, around distractions.

Sit and Down. Calm positioning with duration in varied settings.

Heel. Focused heel position, on-leash and off-leash.

Place. Goes to a mat or bed and remains until released.

Leave It. Disengages from a distraction and refocuses on the handler.

Easy. Calm, controlled walking with reduced pulling.

Go. Release marker for selective freedom.

Kennel. Enters the crate calmly as part of routine.

The goal is obedience that holds off-leash, under distraction, at home and in public.

Built into the foundation

Some behaviors are not separate commands. They are built through structure and routine.

The steadiest habits are the ones your dog keeps without being asked. Alongside the trained commands, three behaviors take shape on their own, carried by daily structure and consistent handling rather than a cue.

Stay. Built into Sit, Down, and Place. Your dog holds position until released, without a separate cue.

Wait. Built through impulse control at thresholds. Your dog pauses at doorways, meals, and car exits as part of routine.

Quiet. Built through calm routine and structure. Your dog meets overstimulation with composure, not noise.

These grow from repetition and clear handler communication. They hold for as long as the routine holds at home.

How the program runs

Reliability in real life comes before drills.

Full-time residency. Board and train at Cairo Canine Club with daily structure.

Public scenarios. Off-leash drills in safe outdoor settings and real-world spaces.

Distraction training. Exposure to noise, movement, strangers, and other dogs.

Stationary work. Duration practice with Place, Kennel, and Down around distractions.

Handler transitions. Training with more than one handler to prepare for family life.

What you receive

Steady communication before, during, and after the stay.

A weekly training update video, with videos of your dog's day in between.

Follow-up calls during your first weeks at home.

Direct WhatsApp support once your dog is home.

Refresher sessions available on request.

No dog is perfect, and training is not a shortcut. Your dog comes home with a solid foundation. Keeping it depends on your consistency at home.

The handover

The most important phase. Ownership of the routine passes to you.

BEFORE HANDOVER

2 mandatory owner sessions at Cairo Canine Club. Practice the commands with the trainer, learn the exact cues and timing, and build the handler relationship before your dog comes home.

THE 3-DAY HANDOVER

Day 1 · Orientation at Cairo Canine Club

Review advanced obedience and off-leash control, with drills around distractions.

Day 2 · Public and social scenarios

Off-leash reinforcement in public and busy environments, with recall reliability.

Day 3 · Home visit

Advanced routines applied at home, with boundaries and consistent structure.

Additional sessions are available if needed. The single largest factor in long-term reliability is you.

GOOD TO KNOW

Before you enroll

A **fixed 6 week** program, from 9 months of age.

Completion of **Residential Obedience** at Cairo Canine Club.

Fully vaccinated before arrival.

A **behavioral assessment** is required before enrollment.

Kennel cough vaccine, with a photo of the vaccination record.

Residential at Cairo Canine Club, 9 AM to 6 PM.

Commands in **English**, or Arabic on request.
