

Professional Training

A custom pathway for sport, protection, or service.

Loyal by Nature.

Who this is for

For dogs and owners with a defined working goal.

Dogs from 12 months with a solid obedience foundation.

Owners seeking a dog prepared for sport, protection, or service work.

Handlers ready to train alongside their dog and maintain a working standard at home.

Households that value consistency. The habits built here hold when the routine continues at home.

The pathways

A custom program built around one goal.

CHOOSE ONE PATHWAY

Elite Obedience. Precision obedience with off-leash reliability, held to a competitive standard.

Protection and Deterrence. Controlled protection work with clear thresholds and absolute handler control.

Sport or Utility. Structured drive work and task-based training for working disciplines.

Service Dog Preparation. Task training and public composure for assistance roles.

Every pathway begins with a behavioral assessment and a custom plan. Duration follows the goal, not a fixed calendar.

Built into the foundation

Some behaviors are not separate commands. They are built through structure and routine.

The steadiest habits are the ones your dog keeps without being asked. Alongside the trained commands, three behaviors take shape on their own, carried by daily structure and consistent handling rather than a cue.

Stay. Built into Sit, Down, and Place. Your dog holds position until released, without a separate cue.

Wait. Built through impulse control at thresholds. Your dog pauses at doorways, meals, and car exits as part of routine.

Quiet. Built through calm routine and structure. Your dog meets overstimulation with composure, not noise.

These grow from repetition and clear handler communication. They hold for as long as the routine holds at home.

How the program runs

Reliability in real life comes before drills.

Full-time residency. Board and train at Cairo Canine Club with daily structure.

Custom plan. Training built around your chosen pathway and reviewed as your dog progresses.

Drive and control. Work that builds drive, then places it under clear handler control.

Real-world proofing. Obedience held around noise, movement, strangers, and other dogs.

Handler development. You train alongside your dog as the pathway advances.

What you receive

Steady communication before, during, and after the stay.

A weekly training update video, with videos of your dog's day in between.

Follow-up calls during your first weeks at home.

Direct WhatsApp support once your dog is home.

Refresher sessions available on request.

No dog is perfect, and training is not a shortcut. Your dog comes home with a solid foundation. Keeping it depends on your consistency at home.

The handover

The most important phase. Ownership of the routine passes to you.

BEFORE HANDOVER

2 mandatory owner sessions at Cairo Canine Club. Practice the commands with the trainer, learn the exact cues and timing, and build the handler relationship before your dog comes home.

THE 3-DAY HANDOVER

Day 1 • Orientation at Cairo Canine Club

Review pathway work and obedience, with drills around distractions.

Day 2 • Public and social scenarios

Reinforcement in public and busy environments, matched to your pathway.

Day 3 • Home visit

Routines applied at home, with boundaries and consistent structure.

Additional sessions are available if needed. The single largest factor in long-term reliability is you.

GOOD TO KNOW

Before you enroll

A **custom duration** program, from 12 months of age.

Pathways include **sport, protection, and service**.

Fully vaccinated before arrival.

A **behavioral assessment** is required before enrollment.

Kennel cough vaccine, with a photo of the vaccination record.

Residential at Cairo Canine Club, 9 AM to 6 PM.

Commands in **English**, or Arabic on request.
