

Puppy Program

Raised right from the start. Calm, confident, and ready for family life.

Loyal by Nature.

Who this is for

A structured start for the puppy, and clear guidance for the home.

Families who want a trained puppy without starting from scratch. The early foundation is built here, so the puppy arrives home settled and ready.

First-time owners looking for structure and support. You learn the routine alongside your puppy, with guidance at every step.

Owners seeking a calm, well-mannered puppy prepared for real-life environments, from busy streets to a quiet home.

Households that value consistency. The habits built here hold when the routine continues at home.

What your puppy learns

Core commands taught in English, or Arabic on request.

CORE COMMANDS

Come. Reliable recall, even with distractions.

Sit. Sits and holds position calmly.

Down. Lies down and holds position.

Heel. Walks beside the handler without pulling.

Place. Goes to a mat or bed and remains until released.

Out. Drops or releases objects on command.

Off. Steps off people, furniture, and surfaces.

Crate. Rests calmly for sleep, downtime, or travel.

Potty Outside. Eliminates outdoors on a predictable routine.

Your puppy also picks up a few playful tricks along the way. They are good fun, and they sharpen focus and the bond with the handler.

Built into the foundation

Some behaviors are not separate commands. They are built through structure and routine.

The steadiest habits are the ones your puppy keeps without being asked. Alongside the trained commands, three behaviors take shape on their own, carried by daily structure and consistent handling rather than a cue.

Stay. Built into Sit, Down, and Place. Your puppy holds position until released, without a separate cue.

Wait. Built through impulse control at thresholds. Your puppy pauses at doorways, meals, and car exits as part of routine.

Quiet. Built through calm routine and structure. Your puppy meets overstimulation with composure, not noise.

These grow from repetition and clear handler communication. They hold for as long as the routine holds at home.

How the program runs

Reliability in real life comes before drills.

Home-style living. Full-time residency at Cairo Canine Club, with training woven into feeding, walks, play, and rest.

Structure and routine. Progress rests on consistency, daily routine, and clear boundaries.

Outdoor training. Work in gardens, streets, and open spaces, not only indoors.

Socialization. Steady exposure to people, children, and other dogs, at a pace your puppy can handle.

Real-world exposure. Stairs, elevators, car rides, visitors, and busy environments.

What you receive

Steady communication before, during, and after the stay.

A weekly training update video, with videos of your puppy's day in between.

Follow-up calls during your first weeks at home.

Direct WhatsApp support once your puppy is home.

Refresher sessions available on request.

No puppy is perfect, and training is not a shortcut. Your puppy comes home with a solid foundation. Keeping it depends on your consistency at home.

The handover

The most important phase. Ownership of the routine passes to you.

BEFORE HANDOVER

2 mandatory owner sessions at Cairo Canine Club. Practice the commands with the trainer, learn the exact cues and timing, and build the handler relationship before your puppy comes home.

THE 3-DAY HANDOVER

Day 1 • Orientation at Cairo Canine Club

Review routines and practice crate, potty, and feeding structure.

Day 2 • Public and social scenarios

Obedience with distractions and your family-specific needs.

Day 3 • Home visit

A final session in your home, settling in and adapting to your environment.

Additional sessions are available if needed. The single largest factor in long-term reliability is you.
