

Residential Obedience

A fresh start for focus, manners, and calm control.

Loyal by Nature.

Who this is for

A reset for everyday obedience, structure, and calm.

Dogs over 6 months with no formal training, or with habits that need resetting.

Dogs that are reactive, excitable, or poorly mannered indoors.

Owners seeking consistent obedience, structure, and calm behavior at home and in public.

Households that value consistency. The habits built here hold when the routine continues at home.

What your dog learns

Core commands taught in English, or Arabic on request.

CORE COMMANDS

Come. Reliable recall in everyday settings.

Sit. Sits and holds position calmly.

Down. Lies down and holds position.

Heel. Walks politely beside the handler.

Place. Goes to a mat or bed and remains until released.

Out. Drops or leaves items when told.

Off. Stops jumping or inappropriate contact.

Crate. Treats the crate as a restful, safe space.

Potty Outside. Eliminates outdoors on a predictable routine.

The goal is dependable obedience under distraction, at home and in public, carried by calm and structure.

Built into the foundation

Some behaviors are not separate commands. They are built through structure and routine.

The steadiest habits are the ones your dog keeps without being asked. Alongside the trained commands, three behaviors take shape on their own, carried by daily structure and consistent handling rather than a cue.

Stay. Built into Sit, Down, and Place. Your dog holds position until released, without a separate cue.

Wait. Built through impulse control at thresholds. Your dog pauses at doorways, meals, and car exits as part of routine.

Quiet. Built through calm routine and structure. Your dog meets overstimulation with composure, not noise.

These grow from repetition and clear handler communication. They hold for as long as the routine holds at home.

How the program runs

Reliability in real life comes before drills.

Home-style living. Full-time residency at Cairo Canine Club, with training woven into feeding, walks, play, and rest.

Structure and routine. Progress rests on consistency, daily routine, and clear boundaries.

Outdoor training. Work in gardens, streets, and open spaces, not only indoors.

Socialization. Steady exposure to people, children, and other dogs, at a pace your dog can handle.

Real-world exposure. Stairs, elevators, car rides, visitors, and busy environments.

What you receive

Steady communication before, during, and after the stay.

A weekly training update video, with videos of your dog's day in between.

Follow-up calls during your first weeks at home.

Direct WhatsApp support once your dog is home.

Refresher sessions available on request.

No dog is perfect, and training is not a shortcut. Your dog comes home with a solid foundation. Keeping it depends on your consistency at home.

The handover

The most important phase. Ownership of the routine passes to you.

BEFORE HANDOVER

2 mandatory owner sessions at Cairo Canine Club. Practice the commands with the trainer, learn the exact cues and timing, and build the handler relationship before your dog comes home.

THE 3-DAY HANDOVER

Day 1 • Orientation at Cairo Canine Club

Review your dog's progress, then practice crate, feeding, and calm handling.

Day 2 • Public and social scenarios

Obedience with distractions and your family-specific needs.

Day 3 • Home visit

A final session in your home, settling in and adapting to your environment.

Additional sessions are available if needed. The single largest factor in long-term reliability is you.

GOOD TO KNOW

Before you enroll

A **1 month minimum** stay, from 6 months of age.

Fully vaccinated before arrival.

A **behavioral assessment** is required before enrollment.

Kennel cough vaccine, with a photo of the vaccination record.

Residential at Cairo Canine Club, 9 AM to 6 PM.

Commands in **English**, or Arabic on request.
