

THE TRAINING EXPERIENCE

Trained for
real life.

LOYAL BY NATURE

How we train

A well-balanced dog is calm, confident and ready for family life.

Balanced training. Fair correction and meaningful reward your dog can trust.

Trained for the real world. The home, the street and public spaces.

Every dog is family. Patience, respect and attention to each temperament and pace.

Structure builds stability. A daily rhythm of training, rest, play and social time.

Commands are taught in English, or in Arabic upon request.

At least one training update video every week, and videos of your dog's day in between.

THE PROGRAMS

Four paths

Every program begins with a behavioral assessment.

PUPPY PROGRAM

FROM 3 MONTHS · THREE MONTH PROGRAM

Calm, confident and family-ready. Socialization, house habits and first obedience.

FOUNDATIONAL OBEDIENCE

FROM 6 MONTHS · ONE MONTH MINIMUM

A fresh start for focus, manners and calm control. The core obedience every dog needs.

ADVANCED OBEDIENCE

FROM 9 MONTHS · ONE MONTH MINIMUM

Off-leash control and real-world reliability. Requires completing Foundational with us.

PROFESSIONAL TRAINING

FROM 12 MONTHS · CUSTOM DURATION

Sport, protection or service. A tailored path set by assessment and goals.

We welcome all dogs. All training is residential at Cairo Canine Club. Each program has a detailed guide, ask us on WhatsApp.

The last mile

We train the dog. You keep the dog trained.

- 1 Two days at Cairo Canine Club. Obedience, routines, feeding, leash work and public scenarios, hands on with the trainer.
- 2 One day at your home, setting routines and boundaries where they matter most.
- 3 Extra handover sessions are available for a fee if you would like more time with the trainer.
- 4 From there it is yours. Practice daily with the same cues, and keep feeding, sleep and routines consistent.
- 5 Respond to mistakes with structure, not frustration, and keep up social exposure.

Your role is the last mile. The dog will mirror what is reinforced at home.

AFTER THE PROGRAM

What follows

Preparation, not perfection.

Follow-up support on WhatsApp after every program.

Three follow-up calls in your first eight weeks home.

Refresher sessions at Cairo Canine Club are available.

We do not promise a perfect dog. We promise a prepared one, and reliability built on your commitment to the routine.

BOARDING

When you travel, your dog can board with the same team and the same structure it was trained in. Our boarding guide has the details, ask us and we will send it.

GOOD TO KNOW

Before you enroll

The details that keep every program on track.

A behavioral **assessment** comes before every enrollment.

Please complete the **training form** before arrival.

A current vaccination record and the **kennel cough vaccine** are required.

Owner sessions are **mandatory** before every handover.

Your **commitment** to the routine continues after the program.
